

Bug/Error	Solution	Date
Warning React.jsx type is invalid	Component Homepage has not been exported properly. Fixed the import	21/01/03
When typing in the search bar input, nothing was showing.	Was saving to state but the onChange listener had an unnecessary callback function and the handleSubmit wasn't set up correctly.	23/01/03
Cannot read properties of undefined (reading 'map')	An extra route was added in a git commit so that was removed	24/01/03
Error 404 not displaying delete route	Hard coded '/' into route	24/01/03
Uncaught TypeError: _services_UserService__WEBPACK_IMPORTED_MODULE_7___default(...).addUser is not a function	Function had not been exported properly from the user services, fixed the export and that fixed the bug.	25/01/03
